MUCH ENTHUSIASM AS TEAM LEAVES

NORMAL BASKET BALL FIVE LEFT ON ITS FIRST TRIP.

WOULD CAPTURE CONFERENCE FLAG

Leech Elected Captain and Many Season Tickets Sold to Students. —President Gives Suprise.

It didn't matter to the students of the State Normal School if the thermometer was down to 20 degrees and the Wabash train late twenty minutes this morning for their enthusiasm was up to summer heat as they waited at the depot to send Normal Five basket ball team off on its first tour of the 1916 season.

At the mass meeting in the Normal auditorium this morning coach Walter Hanson and assistant coach George Palfreyman held out hopes to the students and faculty of bringing the conference championship flag to Maryville when the season will have been closed. Captain Howard Leech, who was elected captain of the team last night, spoke in behalf of his teammates for the support of the students in being present at the games and lending their voices in cheer not only when they were on the victory side but when their opponents had them on the defensive. The team and coaches were assured of co-operation from the Normal by the hearty applause given them and in the prompt response to a solicitation to buy season tickets.

Immediately after the tickets had been placed on sale the Eurekan Literary society pledged itself for fifty. The Philomatheans were a quick second for fifty more. This outburst was followed by the Senior, Junior and Excelsior classes taking fifty tickets each

The members that form the Normal five basket ball team on this trip are Howard Leech, captain; Fred Vandersloot, f; Lee Scarlett, c; Homer Scott, g; Walter Scott, g; Ralph McClintock, g, and Oscar Lollis, f.

Assistant Coach Palfreyman is with the team and Coach Hanson has a surprise for the boys. He went as far as Chillicothe with them, but will leave them there and take a later train to Fayette, arriving there about twenty minutes before the game. "If we don't win both of these games," said the coach as he was waiting for the train, "with all the enthusiasm that has been shown us this morning, I won't feel much like coming back."

Lowell Livengood, president of the mass meeting, had charge of the session at the assembly hour, at which time four yell leaders were chosen. Vern Pickens was selected as leader-in-chief, with F. H. Merriam, Carrie Coler and William Utter as assistants.

Then came the big surprise. Just after the team had gone to the train President Richardson announced that classes would be suspended until after the train had gone. This was greeted by a tremendous cheer from the students.

Yell Leader Pickens lead the body in giivng yells for the individual members of the team and coaches as the train left the station.

After playing Central at Fayette tomorrow night the team will go to Columbia, where it will meet the University of Missouri five.

Mr. Hanson said that they expected to arrive in Maryville Sunday evening. The Democrat-Forum will have the result of the game telephoned as soon as it is played.

A PAY-UP WEEK HERE

COMMERCIAL CLUB DECIDED ON ONE FOR FEB. 21-26.

A COMMITTEE SELECTED

By That Club to Have Charge of the Matter—It is a National Movement —Better Pay Up That Week.

What promises to become an annual national event has been inaugurated as National Pay-Up Week, February 21-26, and the board of directors of the Maryville Commercial club decided at its last meeting that the club would co-operate with this movement. A committee composed of John Richey, chairman; Charles Gaugh, Dr. Karl R. Malotte, Charles Stilwell and Walter Todd was appointed to have charge of the matter in this locality.

A meeting of the committee was held last night and the preliminary details of the plans were gone over.

Credit is one of the great assets of our present day system of business, but like many another good thing, it is sometimes abused and overdone; and because so many people are careless about paying their accounts, there are millions upon millions of dollars in outstanding accounts in this country today that could be paid without inconveniencing the debtor, and if all these millions of dollars were put into circulation during one week, there would be the greatest week of prosperity ever known in this country.

If the local people would make it a point to pay the doctor, the preacher, the grocer and all other merchants, and the merchant made it a point to pay the wholesaler and the jobber, and the wholesaler to pay the manufacturer during this week, February 21-26, there would be more dollars put in circulation in this country than were ever started moving during the same length of time.

A good slogan to be used from now till National Pay-Up Week should be, "You pay your bills—I will pay mine, February 21-26."

FIGHT TO CONTINUE

SO SAY A NUMBER OF MEMBERS WHO WERE DISSATISFIED.

W. B. GEX HEADS BOARD

Ray Davis, Unanimously Re-Elected Secretary by Board of Directors— The Other Officers Selected.

The thirtieth annual meeting of the Standard Poland-China Record association came to a close last night when the newly elected board of directors elected officers for the ensuing year. The officers elected are W. B. Gex, chairman; J. P. Bennett, vice chairman; Ray Davis, secretary; Frank Garrett, assistant secretary; C. D. Bellows, treasurer.

The board of directors elected yesterday afternoon were: Three years, W. A. Baker, Butler, Mo.; John Roll, Coin, Ia.; T. J. Meisner, Sabetha, Kan. Two years, J. C. Meese, Ord, Neb.; L. R. McClarnon, Braddyville, Ia.; W. B. Gex, Graham, Mo. One year, H. C. Lookabaugh, Watonga, Okla.; Theo A. Shattuck, Hastings, Neb.; J. P. Bennett, Lee's Summit, Mo.

After the election of the board of directors, W. O. Garrett, who had been elected for a term of two years, handed in his resignation to Chairman Alvin Windom, which was accepted. Mr. Garrett said he was unable to accept on account of his business interests, which took up all of his time. He said that he had served the association for a number of years, and that it was time for a younger man to take his place. W. B. Gex was immediately nominated by C. D. Bellows, and he was elected by acclamation.

The newly elected president, H. B. Walter of Effingham, Kan., was escorted to the chair and made a talk. M. S. McFadden was next introduced. He is the secretary of the American Poland-China Record association of Chicago, also president of the American Swine association. Mr. McFadden is one of the best posted Poland-China men in the country. He made the most interesting talk of the meeting.

The indications are that the fight will continue during the coming year. A number of the members at the meeting declared themselves dissatisfied over the steam roller tactics used during the session.

The inspectors of the election were W. C. Pierce, W. B. Gex and W. A. Baker, and after the election of Mr. Baker as a member of the board, M. D. Kemp was selected.

The trouble seems to center about Ray Davis, the secretary, and some of the members declared that probably discord would be had in the association just as long as he was secretary.

W. H. Gilbert, who had 99 proxies counted out because it was alleged they were not filed in time, said he would send out a letter to those members who had sent their proxies to him and were counted out, explaining what was done and how it was done. If they favor bringing some action, then Mr. Gilbert said he would do so as their agent.

With the 102 proxy votes which were counted out, Mr. Gilbert and his men would have had control of the meeting, so they say.

INQUEST HELD OVER DEAD MAN.

No Clues as Yet as to His Identity, But the Authorities Still Working.

An inquest was held last evening at Price & McNeal's morgue over the man who was killed by a Wabash train near Wilcox Sunday night. His identity is still unknown, but the authorities are still working on the case, but have no clues.

The inquest was conducted by Dr. W. M. Wallis, Jr., and the coroner's jury was composed of Burt M. Rowley, J. G. Thornhill, J. A. Ford, M. C. Humphrey, R. A. Strawbridge and Frank Partridge. From evidence submitted, they brought in a verdict that the unknown man was killed by an eastbound freight train, probably extra No. 2164, probably about 4:30 o'clock a. m. The witnesses were Dave Zeornes, Wabash agent at Wilcox, and Stewart Schlotterack, engineer, and John Stewart, fireman of the westbound freight train. They were the ones to discover the man.

FIGHT PREPAREDNESS

BOTH DEMOCRATS AND REPUBLICANS AGAINST IT.

Demand Made That Concerns Back of the Issue Be Investigated.

Special to The Democrat-Forum.

Washington, Jan. 6.—The opening fight for the administration's preparedness policy was brought before the house of representatives by the military affairs committee today. Secretary Garrison stated that the states, not the nation, should pay the National Guard for any services rendered.

Bonds of restraint against public discussion of international relations of the United States, incident to the European war, were broken in the senate yesterday and for more than an hour the session was enlivened by a debate over the government's neutrality policy, exports of war munitions, and travel by American citizens on belligerent owned ships.

There was no division of the debaters along party lines. Senator Jones of Washington, Republican, denounced as "unpatriotic" American citizens who imperiled the nation by taking passage on belligerent vessels. Senator Works of California, Republican asserted that the government of the United States "was hypocritically" claiming to be neutral when it was in fact participating in the war through the sale of munitions.

Senators O'Gorman of New York and Hitchcock of Nebraska, both Democrats urged the advisability of an embargo on munitions.

Another step in the fight against preparedness was taken in the house today, when representative Hensley of this state introduced a drastic resolution demanding an investigation of organizations engaged in the defense propaganda.

There were also lengthy arguments in regard to shipment of munitions to the belligerent nations. Declarations were made that the American government was not neutral, while some defended the neutrality of the government.

CHINESE CURIOS ON DISPLAY.

Collection Sent to Museum by Miss Dora Otis.

A collection of Chinese curios has just been received by Dr. Chas. A. Kelwood of the department of sociology and has been placed in the social museum, in the zoology building. The articles were presented to the museum by Miss Dora Otis, who was graduated from the university with an A. B. degree in 1908. She was for five years a missionary to China, returning to her home in Hopkins, Mo., only last year.

"The articles received are worth at least $100," said Dr. Ellwood this morning.

A pretty wall scroll, a large Chinese painting, an incense burner, a writing set which includes several objects of valuable carved jade, and a Chinese wedding dress made of silk are the most valuable curios in the collection. Possibly the most interesting articles are four pairs of shoes for women; one pair is not more than two and a half inches long.

The museum is now open for the benefit of Columbia's visitors.—University Missourian.

SINGER IN CHARGE

Mrs. G. W. Herbold of St. Joseph Directed Singing at Baptist Revival.

The revival services at the Baptist church were largely attended last night, and Mrs. G. W. Herbold had charge of the singing. She will be in charge during the rest of the revival.

Rev. Smoot, in his sermon last night, said in part:

"No sinner was ever saved without repenting of his sins. No sinner ever will be or ever can be saved without repentance. Children of God need to repent of their sins every day. Therefore, this is the fundamental doctrine of the book—this doctrine of repentance.

"Men are getting smarter in these days and have brought many blessed things to us in the way of inventions. Automobiles, airships, wireless telegraphy and many other things, but no one has or ever will invent a better plan of saving the sinner than is found in this book.

"We can't be saved without repentance. What we want is that the Gospel be preached. Then God does the convicting. We can't do that. The sinner must co-operate with God in repentance and then God comes in and does the work of regeneration. That's God's plan, 'Except ye repent, ye shall all perish.' 'Now God commands all men everywhere to repent.' So we see that repentance is the fundamental doctrine and the important step, and we must take it in order to be saved.

"No human tongue or no human pen ever has been or ever will be able to paraphrase that word 'perish.' Only a damned sinner in a devil's hell can fully realize the meaning of that word 'perish.' To repent means to think differently afterwards. If a fellow does not think differently afterwards he hasn't repented yet, and if he doesn't think differently afterwards sufficiently to make him live differently afterwards he hasn't fully repented. This is a change of life which leads to a change of conduct, and an individual thinks differently after this experience and he lives differently after this experience. Repentance and faith are the human acts in which the divine life is begun. Repentance and faith and turning towards God and surrendering our hearts and lives unto Him. A child of God ought constantly, after he has repented of his sin, day by day, see his sins and turn away from them and break off from them, and in just the proportion he does this he is turning towards God and following God. Nobody can repent only a sinner. Adam and Eve could not have repented before they sinned. Only a sinner can repent. Conviction then comes before repentance.

"All sin is against God, against His nature, will, authority, law, justice and goodness. Therefore the evil of it, because it is opposed to His very character.

"In the case of the prodigal son is shown conviction, repentance and faith. 'When he came to himself, he said. I will arise and go unto my father.' 'When he came to himself,' this is conviction. The sinner must see himself, and when he comes to himself then he is prepared to repent of his sin. He said, 'I will arise.' a change of mind which led to determination. 'I will arise and go unto my father.' Coming to his father, falling on his neck is faith and belief and trust and surrender.

"God hates sin. Why? Because it is contrary to His law; it is contrary to His very nature. God does not hate the sinner, but he hates the sin. Therefore, He wants the sinner saved from his sin, and he must be saved from his sin or he can't have God's love.

"I want you to notice that the sinner is totally depraved. Every particle of the sinner's nature has been touched with sin. He must be led to hate all of his sin; therefore the desire to turn away from his sin.

"Repentance is a gift of Christ. A permit into eternal life. No one can have eternal life until he has experienced repentance. It is not by fear, but when you realize that you are a lost sinner and realize the evil in sin and the wrong it is for you to sin against God and have the desire to turn away from sin; yet you fully turn your back on every sin and turn toward God and trust Him and Him alone for salvation, then God is always ready to grant salvation. 'Ye shall seek me and find me when ye shall search for me with your heart.' 'Except ye repent, ye shall all likewise perish.'"

An Interesting Statement by One of the Big Men In the Drug Business

A. E. KIESLING

of Houston, Texas, says:

"If you have a muddy complexion and dull eyes, you are constipated. Six glasses of water daily and one or two Rexall Orderlies at night will correct this condition and make you 'fit as a fiddle.' Rexall Orderlies, in my opinion are the best laxative to be had, and can be taken by men, women or children."

We have the exclusive selling rights for this great laxative. Trial size, 10 cents.

ONE SPOONFUL GIVES ASTONISHING RESULTS

Maryville residents are astonished at the quick results from the simple mixture of buckthorn bark, glycerine, etc., known as Adler-i-ka. This remedy acts on both upper and lower bowel and is so thorough a bowel cleanser that it is used successfully in appendicitis. One spoonful of Adler-i-ka relieves almost any case of constipation, sour or gassy stomach. One minute after you take it, the gasses rumble and pass out. The Koch Pharmacy.

MYSTERIOUS PAINS AND ACHES.

Make Life Hard to Bear for Many Maryville Women.

Too many women mistake their pains and aches for troubles peculiar to the sex. More often disordered kidneys are causing the aching back, dizzy spells, headaches and irregular urination. Kidney weakness becomes dangerous if neglected. Use a time-tried kidney remedy—Doan's Kidney Pills. Hosts of people testify to their merit. Read a Maryville case:

Mrs. Grover Kelley, 1308 E. Second St., Maryville, says: "For months I had sharp pains through my hips, and I was bothered by the kidney secretions. My health was all run down and I felt tired. Doan's Kidney Pills relieved me right away. After using three boxes, the pains through my hips left, the kidney secretions cleared up and my health improved wonderfully. I have had no trouble since."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Kelley had. Foster-Milburn Co., Props., Buffalo, N. Y.

Alderman-Yehle Dry Goods Co.

WEST THIRD STREET, MARYVILLE, MO.

The Great January Clearance Sale begins Saturday morning, January 8th, at 8 o'clock and closes Saturday night, January 15th. Don't forget the date.

BEGINNING SATURDAY

The Great Annual Clearance Sale

IN view of present conditions both at home and abroad it is inevitable that prices should advance. But Alderman-Yehle Dry Goods Company maintain a great purchasing power that brings us unusual advantages and enables us to know market conditions minutely. This together with the fact that we prepare a year in advance for these Great January Sales, enables us to state emphatically at this time that *prices on the merchandise included in this sale have not advanced in any degree to what they might be expected in view of market conditions and—qualities considered—our prices are the lowest possible.* Although not all special prices are listed here, with the exception of a very few restricted items, the entire stocks in the various departments will be offered at a reduction in preparation for the annual invoice.

In view of the constantly decreasing supplies and the rising market prices, we are frank to state that our prices cannot long remain as low as they are, and in many instances it will be impossible to duplicate merchandise at any price. The warning to buy now for future needs cannot be too emphatic.

Wheat up—down—up—?

Bread for a Warring World

An account of the near panic, the dawning hope and the final triumph of America in the rapidly changing wheat situation during the past year and a half. Final triumph—but what can we expect by next July? Read this article.

An Ad in Your Local Paper

There is a big value in the local paper that few farmers appreciate. No practical man can read this without getting a profitable idea.

Herbert Quick

One of those typical, helpful talks by the man whose common-sense advice has made him as intimate with farmers as a good neighbor.

Steers, Corn and Bluegrass

The story of real success with baby beef in a relatively small way—the way you and I can do it if we plan as well and work as hard.

Bringing Old Farms Back

All the old farm needed was a real farmer—and Critchley was it. Ditches full of briers, poor drainage, broken fences. This is what Critchley was up against when he took Summit Farms. Today the income is derived, not from one or two products, but from milk, hogs, hay, corn, rye, ryestraw and potatoes. Read how he did it.

A Hoosier Farmer's Horse Family

How does the pure-bred stack up against the grade, as an investment? Luther Craven has found out for himself, and for you. He worked a long, long time for the $500 that bought Caline, his first imported Belgian mare. But she was worth all the work.

And Dozens of Short, Meaty Articles:

Shade Trees that Bear Nuts; How Lime Increased the Hay Crop $18.13 an Acre; We Have the Children, a story of how the old folks brought the children back to the farm; The Hot Bed, how to make and plant it; The Brown Leghorn, by Judge W. H. Card; Raising Sugar Beet Seed; Keeping Peach Trees Bearing; Conserving Farm Manure; Midwinter Canning; The Health of the Farm Baby; Starting a Country Library; and ten other regular departments.

The COUNTRY GENTLEMAN

REPORTS FEW CATTLE.

Hopkins Stockman Interviewed by St. Joseph Stock Paper.

"There is a good supply of stock cattle that will be wintered in my vicinity this season," said G. E. Allison, a prominent stockman of Hopkins, "but very few cattle will be fed in dry lots. The pig crop is exceedingly large and all of them are being put on full feed and fattened for market as soon as possible. Very little sickness has been reported among the hogs. All of them have been vaccinated and feeders are using every preventive possible to rid themselves of all diseases among stock animals."

The usual Nodaway county delegation was on hand for the mid-week sales and consignments were received from the Nodaway Valley Cattle Co., W. M. Anderson, Holmes & Ormes, Creech & Allison, Tom Farrell, G. H. Swaney, Collins Bros., J. B. Nunnelley, W. F. Briggs, W. J. Steinhauser, J. Brady, W. N. Wray, Tom McGarry, P. R. Growney, L. P. McMillen, Idding & Shull, Reaksecker & Co. and Bilby & Ross.—St. Joseph Stock Yards Journal.
